THE ZENO TANDEM FROM DAVIS

ZENO TANDEM...on a beam

The flexibility of the shell design allows for an offering of two-, three-, four-, and five-seat beam units. Partitioning wood arms may be ordered at ends or between seats. Fully upholstered seats are available on beam units to offer a plusher cushion for high traffic areas.

Several tables are offered in the Zeno Tandem Series. Beam tables may be ordered as a substitution for any seat on a beam. A unique pivoting corner table is recommended for re-configurational or angular space requirements. The freestanding table may be utilized in many types of lounge floor plans. All tables are available in plastic laminate or beech wood in standard beech finishes or Ze-Color finishes.

left to right:

ZE-FS3-10-CH / ZE-PT-BB / ZE-FS5-10-CH
Three Seat / Pivoting Table / Five Seat
